Entry No.

April 20, 1910.

Mr. John A. Holzapfel,
162 Havemeyer Street,
Brooklyn, N. Y.

Dear Sir:

I am in receipt of your letter of April 16th, regarding a legacy left to this Society, by the will of Mrs. Edward Groh.

The present officers of this Society are as follows:-

Governors, Edward D. Adams, 71 Broadway, New York,

Henry R. Browne, The Everett Building, Fourth Avenue & 17th Street,
New York,

William B. Osgood Field, 647 Fifth Avenue, New York,

Archer M. Huntington, 1088 Fifth Avenue, "

Daniel Parish, Jr., 13 West 48th Street, "

Treasurer, Charles Pryer, New Rochelle, New York,

Secretary, Bauman L. Belden, Elizabeth, N. J., and this Society's building, as
above.

Corresponding Secretaries, Henry R. Browne, address already given,
Edward T. Newell, Hotel Plaza, New York.

I am sending, under separate cover, a copy of the Society's Constitution and By-Laws.

As to our attorney, before naming one, we would wish to understand the provisions of the will, I would therefore request that a copy of the will be sent to me, at the above address.

Very truly yours,

Secretary.

Mr. John A. Holzapfel,
182 Havemeyer Street,
Brooklyn, N. Y.

Dear Sir:

I received your letter of August 10th several days ago, and delayed replying in hopes I could ascertain the original cost of the loving cup, in this I have so far been unsuccessful, it was paid for by private subscription, consequently its cost is not recorded in the Society's books, while I was one of the contributors, and probably knew the cost at the time, I do not now remember what it was, I have written to the makers, but I doubt if their records, for ten years back, would be accessible, should I obtain the information I will advise you, I should think, however, that any silversmith could give you a value that would answer the purpose.

As to a suitable case, I should say that it should be of glass, so that the cup could be exposed to view, as the cup is of polished silver, which tarnishes when exposed to the air, it should be air tight when shut, as our other cases are either mahogany, or steel painted that color, it would be preferable to have the base, and any other parts not of glass, either of mahogany or colored to match mahogany, we have never had any cases of just this kind, as all that we have are of large size and arranged for the display of coins and medals.

I expect to give an order for a number of new cases in the course of a few days, and, if you desire, I will find out the cost of a suitable case and let you know, as my order will amount to nearly eight hundred dollars, I could probably get a better price on a small thing of this kind, than you could, getting that and nothing else; should you wish me to do this, kindly send me the size of the cup.

Very truly yours,

Secretary.

Dear Sir:

In the matter of the estate of Mary C. F. Brok deceased the Loving Cup presented to Edward Grot by your Society is bequeathed to the Society to be enclosed in a suitable case. I would like to know whether you have any similar cases in your rooms as we do not know just what sort of a case would be suitable. Can you give me any information about it. Do you know anyone who makes such things for you? I wish you could also let me know what the cost of the cup was as I am taking

transfer Tax proceedings and have
got to state the value thereof
under oath so that it can be
taxed.

Will you please let me know
as soon as convenient.

Yours truly

Dear Sir:

I received your letter of the 16th inst.
I have had a jeweler estimate the value of that
cup and he gave me the
present value as \$25.-
I wish you would get
an estimate for a case
such as you think would
match your other cases
with glass in top, front
and sides. It must be
10 inches clear inside in
height, width and depth
& hold the cup nicely.

Yours truly

Mr. John A. Heizel, Jr.,
182 Havemeyer Street,

Dear Sir:

I enclose herewith a sketch of the glass case for the loving cup, together with a sketch of another which I consider to be more appropriate. I note that it is to be made the size 10" x 10" x 18", which is two inches larger than the size which you gave me, but from what you state I understand to mean the estimate. I am of opinion that the difference of two inches in size will make no difference in cost, etc., if it should make difference, it would be slight and not necessarily worth considering.

This may seem a trifling difference, but will cost of this kind, not to mention consideration of use, is not to be trifled with, you may be sure to be better.

Should you desire me to order the case, kindly advise me at your convenience, and I will do so.

Very truly yours,

Frederick J. Hause
